

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is pure partisan politics and not in the public interest.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Forcing their stations to air such a bias and untrue documentary right before a national election is merely an attempt to illegally influence an election. It is not an attempt to inform the public.

As a taxpayer I am asking the FCC to follow their mandate to uphold the public interest and stop the airing of this partisan documentary. Our elections should not be controlled by corporations but rather by the public who has been informed based on truthful and unbiased reporting. Thank You.
